## Piecing the Blocks

*Use a 1/4" seam allowance for all stitching. Press all seams as directed.*

1. Sew a 1 1/4" x 11" pale aqua strip to left and right sides of each large mandala print square. Press seams toward the strips. Stitch the 1 1/4" x 12 1/2" pale aqua strips to the top and bottom to complete (8) 12 1/2" x 12 1/2" Framed Blocks. Press seams toward the strips.

**Framed Block — Make 8**

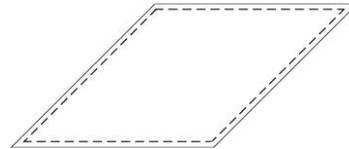

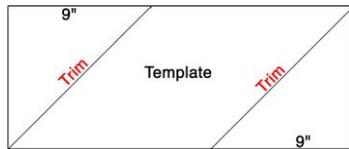

2. On the wrong side of each block, measure and mark a dot at the 1/4" seam allowance in each outer corner of the pale aqua frame using a marking tool that will not show through on the right side of the fabric.

# Cutting the Angled Pieces

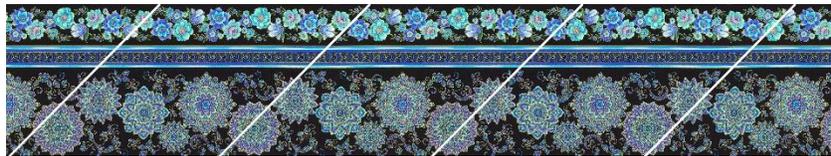

1. Prepare a 9" x 21 3/4" rectangle of heavy paper or other template material.

2. Measure and mark 9" from the top left corner. Draw a line from the mark to the lower left corner. Measure and mark 9" from the lower right corner. Draw a line from the mark to the upper right corner. Trim off the ends of the rectangle on the drawn lines to make the angled template. Draw a seam allowance line 1/4" from the outside edge around all sides of the template.

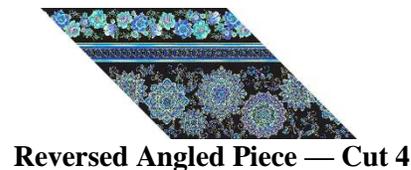

3. Apply a heavy coat of spray starch to each 9"-wide mandala stripe strip and press dry. The angled pieces will each have 2 bias edges. The spray starch will help control stretching.

4. Place the template at 1 end of a stripe strip, right side up. Mark an angled piece. Move the template along the strip and butt the angled end against the angled end of the first piece. Mark the second piece. Continue to mark a total of 6 angled pieces along the length of the strip.

5. Place two unmarked stripe strips **right** side up on a cutting mat. Place an unmarked stripe strip **wrong** side up on the first strip, matching all edges. Place the marked strip **right** side up on the layered strips.

6. Using a rotary cutter and ruler, cut out 4 angled pieces through all layers. You will have 12 angled pieces and 4 reversed angled pieces.

7. Punch a small hole through the seam allowance at each corner of the template.

8. Place the template on the wrong side of an angled piece (turn the template over to match to the wrong side of the angled pieces; use the template right side up to match to the wrong side of the reversed angled pieces). Make a dot through the hole at each corner. Repeat to mark the corners of each angled and reversed angled piece. *Note: Dots shown oversized to make visible in diagram.*

# Piecing the Quilt Center

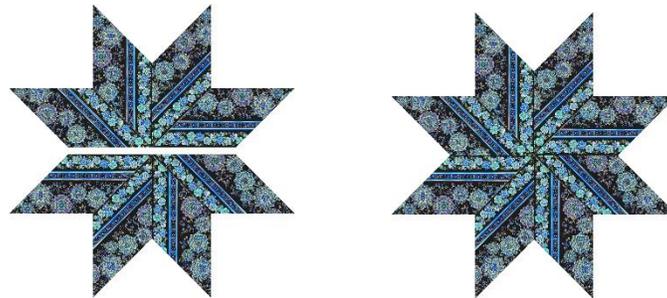

Refer to the exploded quilt center diagram and exploded quilt diagram throughout the following steps.

1. Place 2 angled pieces right sides together, matching marked corner dots. Pin to hold. Stitch from marked dot to marked dot, backstitching at the beginning and end of the seam. Press seam open. Repeat to make 4 point units.

**Point Unit — Make 4**

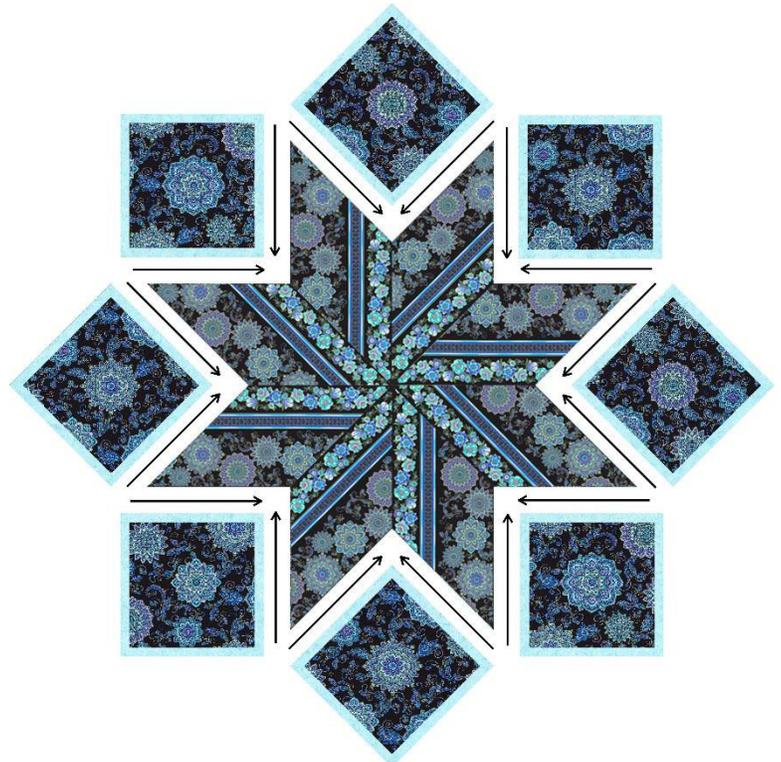

2. In the same way, join 2 point units to make a half-star unit. Repeat to make a second half-star unit. Join the 2 units to complete the center star, stitching from outside dot to outside dot. Press seam open.

3. Place a Framed Block right sides together on the edge of an angled piece between 1 set of star points. Match marked seam allowance dots on the block to the dots on the angled piece, moving the seam allowance from the seam between the angled pieces away from the dots. Stitch exactly from dot to dot, backstitching at the beginning and end of the seam. Refer to the arrows in the exploded quilt center diagram for sewing direction. Repeat to stitch the adjacent edge of the block to the second angled piece. Carefully press seams toward the Framed Block.

4. Repeat step 3 to sew a Framed Block between each set of star points.

5. In the same way, sew an angled piece or reversed (R) angled piece between the blocks referring to the exploded quilt diagram for placement of each piece. Sew each seam from the outside edge of the block to the dot at the inner corner. Press seams away from the blocks.

6. Referring to the diagram, center and sew a 1 1/4" x 28" pale aqua strip to the long side of each paisley print triangle. Press seams toward the strips. Trim the ends of the strips even with the edges of the triangles to make 4 corner triangles.

7. Center and sew the corner triangles to the angled edges of the center medallion to complete the 58 1/2" x 58 1/2" quilt center. Press seams toward the corner triangles.

## Completing the Quilt

1. Sew the 1 1/2" x WOF pale aqua strips short ends together to make a long strip. Press seams in one direction. Cut into (2) 58 1/2" strips and (2) 60 1/2" strips. Sew the 58 1/2" strips to the left and right sides of the quilt center and the 60 1/2" strips to the top and bottom. Press seams toward the strips.

2. Sew the 6" x WOF rose print strips short ends together to make a long strip. Press seams in one direction. Cut into (2) 60 1/2" strips and (2) 71 1/2" strips.

3. Sew the shorter strips to the sides of the quilt center, and the longer strips to the top and bottom of the quilt center. Press seams toward the border strips to complete the top.

4. If using 42" backing fabric, remove the selvage edges from the backing pieces. Join the pieces on the long edges with a 1/2" seam allowance. Press seams open. Trim to make a 90" x 90" backing piece.

5. Layer the top with the backing and batting pieces. Quilt as desired. Trim batting and backing even with the top.

6. Join the pale aqua binding strips on the short ends with diagonal seams to make a long strip. Press seams in one direction. Press the strip in half along the length with wrong sides together.

7. Bind the quilt edges using your favorite method to complete the quilt.
