## Rod and Reel

Designed by Wendy Sheppard

Approximate Finished size: 47" x 54"

Skill Level: Intermediate

### Cutting Directions:

WOF = width of fabric

#### 45672K flying fish print fabric,

- Cut 2 strips @  $8\frac{3}{8}$ " x WOF; sub cut 5 squares @  $8\frac{3}{8}$ " and 2 squares @  $4\frac{1}{2}$ ". Divide the  $4\frac{1}{2}$ " squares once diagonally to yield four corner setting triangles. Divide the  $8\frac{3}{8}$ " squares twice diagonally to yield twenty side setting triangles, only 18 are used in this project.
- Cut 3 strips @  $5\frac{1}{2}$ " x WOF; sub cut 20 squares @  $5\frac{1}{2}$ ".

#### 45675Q dark teal swimming fish print fabric,

- Cut 1 strip @  $5\frac{7}{8}$ " x WOF; sub cut 5 squares @  $5\frac{7}{8}$ ". Divide squares diagonally once to yield ten half-square-triangles.
- Cut 1 strip @  $3\frac{3}{8}$ " x WOF; sub cut 5 squares @  $3\frac{3}{8}$ ".

#### 45676G green fish bait print fabric,

- Cut 1 strip @  $5\frac{7}{8}$ " x WOF; sub cut 5 squares @  $5\frac{7}{8}$ ". Divide squares diagonally once to yield ten half-square-triangles.
- Cut 1 strip @  $3\frac{3}{8}$ " x WOF; sub cut 5 squares @  $3\frac{3}{8}$ ".

#### 45677Q green fishing reel print fabric,

- Cut 1 strip @  $5\frac{7}{8}$ " x WOF; sub cut 5 squares @  $5\frac{7}{8}$ ". Divide squares diagonally once to yield ten half-square-triangles.
- Cut 1 strip @  $3\frac{3}{8}$ " x WOF; sub cut 5 squares @  $3\frac{3}{8}$ ".

#### 45678S brown burlap fabric,

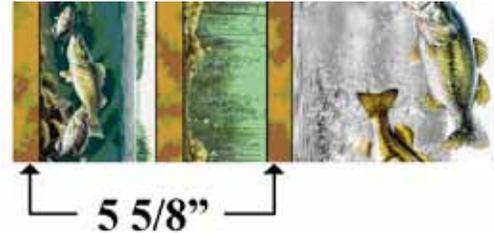

- Cut 6 strips @ 1" x WOF; Join the strips using diagonal seams, sub cut 2 strips @ 1" x 49" and sub cut 2 strips @ 1" x 56".
- Cut 6 strips @  $2\frac{1}{4}$ " x WOF; Join the strips using diagonal seams to make one long binding strip.

#### 45678K gray burlap fabric,

- Cut 5 strips @  $3\frac{3}{8}$ " x WOF; sub cut 45 squares @  $3\frac{3}{8}$ ". Divide 30 squares once diagonally to yield 60 half-square-triangles.

#### 45674QK border print fabric,

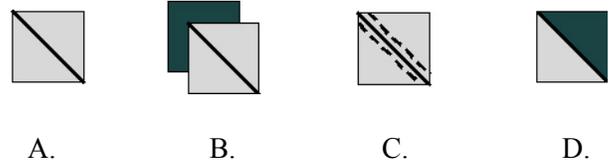

- Fussy cut 2 border strips @  $5\frac{5}{8}$ " x 49" and 2 border strips  $5\frac{5}{8}$ " x 56". Refer to the Diagram below; add a  $\frac{1}{4}$ " seam allowance by cutting into the brown strip on either side of the stone stripe and the dark teal swimming fish stripe. Strip will measure approximately  $5\frac{5}{8}$ " across.

### Blocks Assembly:

*\*Use  $\frac{1}{4}$ " seam allowance throughout, unless otherwise indicated. Sew pieces with right sides together, matching raw edges.*

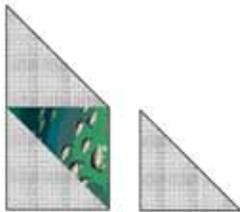

1. To make half square triangle units, draw a diagonal line on 5 of the gray burlap,  $3\frac{3}{8}$ " squares. **With right sides together (RST)**, place the gray burlap square on top of a dark teal swimming fish print,  $3\frac{3}{8}$ " square. Sew a scant  $\frac{1}{4}$ " seam on each side of the drawn line. Cut on the drawn line, yielding 2-half Square Triangle Units (HST). Press the seams toward the green print triangle. Make 10 HST units.

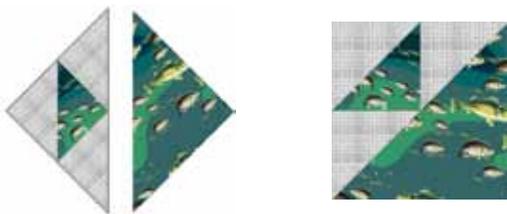

Finished unit measures 3" x 3"

2. Sew a gray burlap triangle to a HST unit as shown below. Make sure that the units are rotated correctly. Press the seam towards the triangle. Repeat for all 10 HST units.

3. Sew another gray burlap triangle to the side adjacent to the triangle previously sewn to the HST unit. See the image below. Make sure that the units are rotated correctly. Press the seam towards the triangle. Repeat for all 10 HST units.

4. Sew this unit to a dark teal swimming fish print triangle as shown below. Press the seam towards the large triangle. Repeat to make 10 “fish” blocks, each measuring 5 1/2” x 5 1/2”.

5. Repeat steps 1 through 4 to make 10 blocks each from the green bait print and green fishing reel print triangles and squares. In the instructions, replace the dark teal swimming fish print triangles and squares with the green bait print and then with the green fishing reel print triangles and squares.

6. You should now have 10 gray burlap/dark teal swimming fish block (block A), 10 gray burlap/ green bait blocks (block B) and 10 gray burlap /green fishing reel blocks (block C). Make 30 fish blocks total.

block A

block B

block C

### Quilt Center Assembly:

*\* For each step make sure that all units are rotated correctly before sewing!*

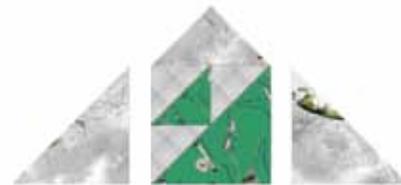

*\* As you make each row, separate them into two piles; place rows 1-5 in one pile and rows 6-10 in another.*

*\* Trim the “dog ears” after attaching each triangle.*

1. Before sewing the corner flying fish print setting triangle to a block C “fish” block as shown below, fold the fish block in half, right side together, along the side that will be receiving the triangle and crease to mark the center. Fold the corner setting triangle in half, wrong side together, along its long side and crease to mark its center. Match the center creases and sew the pieces together. Press the seam towards the triangle.

2. Sew a large flying fish print setting triangle to either side of the block C “fish” block as shown below. Press the seams towards the flying fish print triangles. This will be Row 1.

Row 1

3. Repeat steps 1 and 2 with 1 block A “fish” block. This will be Row 10.

Row 10

4. Sew a flying fish print 5½” square between two block C “fish” blocks to make a row as shown below. Press the seams towards the flying fish print square.

5. Sew a large flying fish print setting triangle to either side of the row as shown below. Press the seams towards the flying fish print triangles. This will be Row 2.

Row 2

6. Repeat steps 4 and 5 with 2 block A “fish” blocks. This will be Row 9.

Row 9

7. Sew 2 flying fish print 5½” squares between 1 block B and 2 block C “fish” blocks and to make a row as shown below. Press the seams towards the flying fish print squares.

8. Sew a large flying fish print setting triangle to either side of the row as shown below. Press the seams towards the flying fish print triangles. This will be Row 3.

Row 3

9. Repeat steps 7 and 8 with 1 block B and 2 block A “fish” blocks. This will be Row 8.

Row 8

10. Sew 3 flying fish print 5½” squares between 2 block B and 2 block C “fish” blocks and to make a row as shown below. Press the seams towards the flying fish print squares

11. Sew a large flying fish print setting triangle to either side of the row as shown below. Press the seams towards the flying fish print triangles. This will be Row 4.

Row 4

12. Repeat steps 10 and 11 with 2 block B and 2 block A “fish” blocks. This will be Row 7.

Row 7

13. Sew 4 flying fish print 5½” squares between 1 block A, 2 block B and 2 block C “fish” blocks and to make a row as shown below. Press the seams towards the flying fish print squares

14. Sew a large flying fish print setting triangle to the block A “fish” block. Sew a corner flying fish print setting triangle to the block C “fish” block as shown below. As done in step 1, fold and crease the square and triangle to find the center of each. Align the creases and sew the pieces together. Press the seams towards the triangles. This will be row 5.

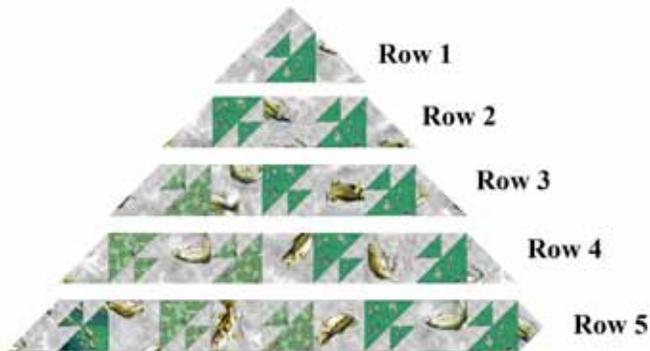

Row 5

15. Repeat steps 13 and 14 with 1 block C, 2 block B and 2 block A “fish” blocks. This will be Row 6.

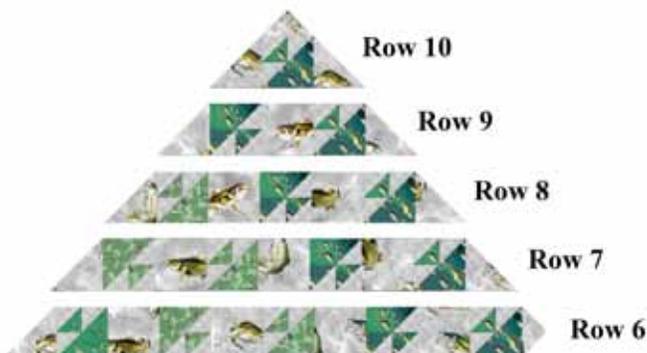

Row 6

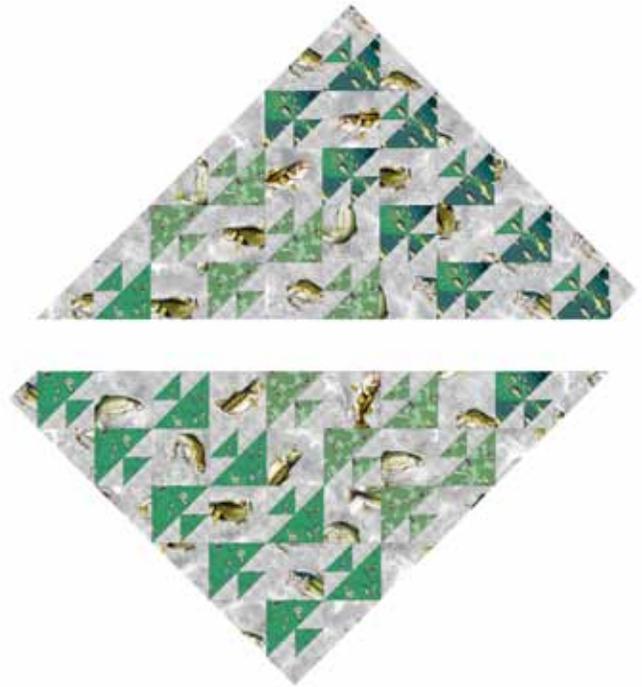

16. Sew rows 1 through 5 together as shown below. Press the seams to one side or open.

17. Sew rows 6 through 10 together as shown below. Press the seams to one side or open.

18. Sew the two halves of the quilt top together as shown below. Press the seams to one side or open.

### Mitered borders:

1. Sew a brown burlap 1” x 49” strip to a 5 5/8” x 49” fussy cut border strip, repeat to make 2 sets @ 49”. The brown burlap should be sewn to the green stripe, see the image below. Press the seam towards the 1” strip.

2. Sew a brown burlap 1” x 56” strip to a 5 5/8” x 56” fussy cut border strip repeat to make 2 sets @ 56”. The brown burlap should be sewn to the green stripe, see the image below. Press the seam away from the 1” strip.

3. On the wrong side of the quilt top, measure and mark the intersection of the 1/4” seam allowance on all four corners. Also fold each side in half and mark the center with a pin.

4. Fold both 56" strip sets in half and mark the center with a straight pin. Measure the quilt through the center of the quilt top from top to bottom, subtract  $\frac{1}{2}$ " from this number then divide it in half. Using this measurement, measure, on the wrong side, along the brown burlap strip, from the center pin to either end of the strip. Make a mark at this point,  $\frac{1}{4}$ " in from the raw edge.

5. Draw a 45 degree line through this mark extending through the fussy cut border strip as shown below. Do this on both ends for both 56" strips. For the seam allowance, measure  $\frac{1}{4}$ " past the line and trim the extra fabric off.

6. Fold both 49" strip sets in half and mark the center with a straight pin. Measure the quilt through the center of the quilt top from side to side, subtract  $\frac{1}{2}$ " from this number then divide it in half. Using this measurement, measure, on the wrong side, along the brown burlap strip, from the center pin to either end of the strip. Make a mark at this point,  $\frac{1}{4}$ " in from the raw edge.

7. For the 56" strip sets, match the center pins of the strip sets with the quilt top and match the marks at the ends of the strip sets with the marks on the corners of the quilt top. Sew the border to the quilt top. Start sewing at the marks at the end of the border strip. Use a shortened stitch length at the beginning and the end of the seam. Use a normal stitch length in between. Do not back tack. Press the seams towards the quilt top.

8. For the 49" strip sets, match the center pins of the strip sets with the quilt top and match the marks at the ends of the strip sets with the marks on the corners of the quilt top. Sew the border to the quilt top. Start sewing at the marks at the end of the border strip. Use a shortened stitch length at the beginning and the end of the seam. Use a normal stitch length in between. Do not back tack. Press the seams towards the quilt top.

9. Join the mitered ends of the border strips, use a shortened stitch length starting at the quilt top corner, for a few stitches and lengthen the stitch to your normal stitch length. Do not back tack. Do this for all four corners. Press the seams open.

### Finishing:

1. Layer the quilt top, batting and backing to make a quilt sandwich. Baste the layers together. Quilt as desired. Trim backing and batting so that they are even with the quilt top.

2. Bind with brown burlap binding strip.
